

'Moving On together'

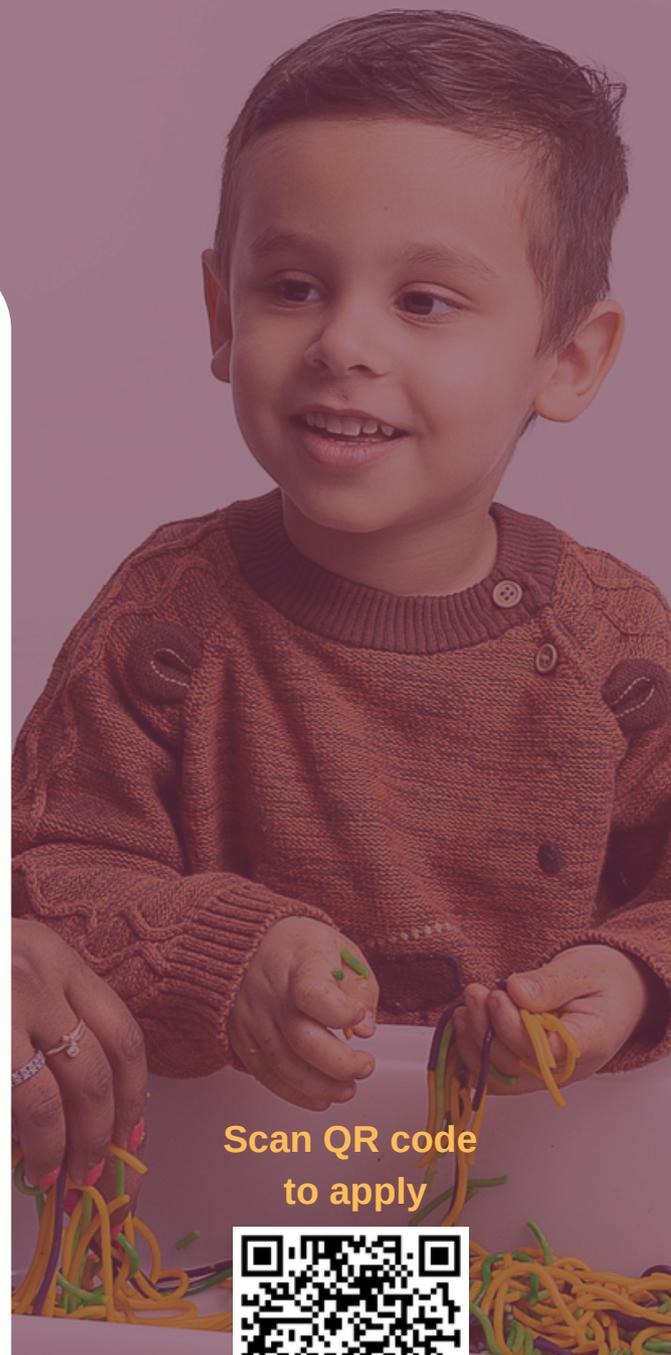

Post diagnosis support for parents of children who have recently received a diagnosis and would like support on their journey, into a new world of (SEND) special educational needs and disability. Families that are referred to this programme by a health, education or a social care professional will be supported in the following way:

A PlayWise Project worker to support the parent at the paediatric diagnosis appointment.

Follow up appointments in the home for advice and guidance with the PlayWise Project Worker.

A SEND trained Home Start volunteer allocated for approximately 3-6 months to provide emotional and practical support in the home.

A PlayWise Membership (1 year membership) for access to the PlayWise hub, workshops, meeting other families, emotional and practical support with form filling, training and workshops
